

Dear Beloved Families,

As summer approaches, we would like to encourage you to help your scholar get ready for Kindergarten. Attached you will find calendars of daily activities intended to promote beginning Kindergarten skills. Please take a few minutes daily to focus on those skills. The activities within the calendars are intended to be brief and enjoyable. Prompts should be organized in a notebook to be handed in during the first days of school. Please have scholars (or where necessary a parent/guardian) write the daily prompts in the notebooks and label the top of the page with the date.

We thank you in advance for supporting your child's progress!

Sincerely,

The Kindergarten Team
