

Dear Beloved Families,

As summer approaches, we would like to encourage you to help your scholar maintain their ELA, Math, Science, and Social Studies skills, as they have worked very hard this year. Attached you will find calendars of daily activities intended to promote effective vocabulary, reading, writing, mathematics, scientific, and historical skills. Please take a few minutes weekly to focus on those skills. The activities within the calendars are intended to be brief and enjoyable. Prompts should be organized in a notebook to be handed in during the first days of school. Please have scholars write the daily prompts in the notebooks and label the top of the page with the date.

We thank you in advance for supporting your child's progress!

Sincerely,

The 3rd Grade Team

ELA Prompts	3 points each	15 prompts x 3 points = 45 points
Math Prompts	3 points each	9 prompts x 3 points = 27 points
Social Studies Prompts	2 points each	7 prompts x 2 points = 14 points
Science Prompts	2 points each	7 prompts x 2 points = 14 points

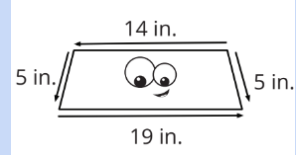

**100 possible points**
